PinkSalt Safe Solid Toothpaste, freshness and care for pink gums

#PinkSalt #SafeandRefreshing #HimalayaSalt #SolidToothpaste
#ZeroWaste

01

Safe solid toothpaste made of Pink Salt, with zero harmful ingredients

Himalaya's Pink salt contains a lot of rich minerals that prevents gum disease, tooth decay, and bad breath. Provides safe and refreshing oral care by minimizing the use of harmful ingredients such as synthetic preservatives and surfactants.

02

No worries about cross-contamination! And easy to carry 1 pill!

Hygiene care without worrying about cross-contamination, solving the problem of multi-use tube toothpaste. You can also take out one tablet at a time, and use it anytime and anywhere, making it easy to carry.

03

Sustainable, zero-waste, and plastic-free toothpaste

It is a solid toothpaste that can manage oral hygiene without a plastic package. It is plastic-free because of its sustainable plastic pouch that is made of a recyclable eco-friendly paper.

HOW TO USE

- 1) Put 1 tablet of solid toothpaste in your mouth without water. When you first use it, it is a little hard, so hold it in your mouth and wait for about 5 seconds.
- 2) Chew 1-2 tablets only, to create dense foam, then brush your teeth thoroughly.
- 3) Rinse your mouth thoroughly with water.
